EXPERIENCE

Full Stack Development Intern | Infosys Springboard 6.0　　　　　　　Sep 2025 - Nov 2025
- Built responsive dashboards using React.js and Tailwind CSS, reducing UI development time by 20% through reusable components.
- Created dynamic React.js UI components, enhancing interactivity and user experience.
- Performed extensive cross-browser testing across major platforms, ensuring seamless functionality and consistent design for diverse user bases, achieving 95% usability across devices.
- Collaborated effectively with a team of developers, adhering to Agile methodologies to deliver projects on time.

Frontend Web Development Intern | Edunet Foundation　　　　　　　　Sep 2025 - Oct 2025
- Completed a 6-week intensive internship focused on modern frontend development practices.
- Built and deployed responsive web applications using HTML5, CSS3, JavaScript, and React.js.
- Gained hands-on experience in UI/UX principles, component-based design, and version control.
- Certified by AICTE and IBM SkillsBuild upon successful completion of training and projects.

PROJECTS

NEXORA – Social Networking Platform (*React.js, Node.js, Express.js, MongoDB, JWT*)　　May 2025 – Dec 2025
- Engineered a social media platform from the ground up with core features like user profiles, posts, likes, comments, and friend connections.
- Created efficient RESTful APIs with Node.js, Express.js, and MongoDB to support real-time interactions and scalable data flow.
- Established secure user access using JWT-based authentication and role-based permissions.
- Delivered a fully responsive React.js interface designed for smooth navigation across all devices.

UNIPRO – University Management System (*React.js, Node.js, Express.js, MongoDB, JWT*)　　Jan 2024 – Aug 2024
- Architected a role-based academic management system serving Admin, Teacher, and Student dashboards to centralize academic operations.
- Enabled secure login and data protection through JWT authentication and role-specific access controls.
- Developed a full set of RESTful APIs with Node.js and Express.js to manage courses, assignments, announcements, and user roles.
- Built interactive React.js dashboards for dynamic data visualization and management.
- Organized MongoDB schemas to ensure structured, scalable storage of institutional records.

ACHIEVEMENTS

- Cleared TCS CodeVita Season 13 (Round 1), a national-level competitive programming contest.
- Achieved Google Arcade Champion Tier, completing advanced cloud and development challenges.
